PRODUCT DESCRIPTION

NG 3522 B2XF is a southeast picker cotton that has a history of performance in the Delta and Southeast regions. Very high yield potential for maturity, **NG 3522 B2XF** works well in late planted, double crop or dryland situations. This variety is extremely tough and handles drought stress well.

ALWAYS READ AND FOLLOW PESTICIDE LABEL DIRECTIONS. It is a violation of federal and state law to use any pesticide product other than in accordance with its labeling. NOT ALL formulations of dicamba, glyphosate or glufosinate are approved for in-crop use with XtendFlex® Cotton. ONLY USE FORMULATIONS THAT ARE SPECIFICALLY LABELED FOR SUCH USES AND APPROVED FOR SUCH USE IN THE STATE OF APPLICATION. Contact the U.S. EPA and your state pesticide regulatory agency with any questions about the approval status of dicamba herbicide products for in-crop use with XtendFlex® Cotton. B.t. products may not yet be registered in all states. Check with your representative for the registration status in your state. Products with XtendFlex® Technology contains genes that confer tolerance to glyphosate, glufosinate and dicamba. Glyphosate will kill crops that are not tolerant to glyphosate. Glufosinate will kill crops that are not tolerant to glufosinate. Dicamba will kill crops that are not tolerant to dicamba. Contact your seed brand dealer or refer to the Bayer Technology Use Guide for recommended weed control programs. Americot® and the Boll Design®, NexGen® and The Next Generation of Cotton® are registered trademarks of Americot, Inc. Bollgard II®, Respect the Refuge and Cotton Design®, Roundup Ready Flex® and XtendFlex® are registered trademarks of Bayer Group. LibertyLink® and the Water Droplet Design® are registered trademarks of BASF. All other products, company names and trademarks are the property of their respective owners. #F0921-3522

Before opening a bag of seed, be sure to read, understand and accept the stewardship requirements, including applicable refuge requirements for insect resistance management, for the biotechnology traits expressed in the seed as set forth in the Technology/Stewardship Agreement that you sign. By opening and using a bag of seed, you are reaffirming your obligation to comply with the most recent stewardship requirements.
