

TRIPLE CROWN

BMR FORAGE SORGHUM-SUDANGRASS HYBRID

West Gaines Seed offers our new BMR (Brown Midrib) Forage Sorghum-Sudangrass Hybrid, **TRIPLE CROWN**. This exceptional hybrid has reduced lignin giving enhanced digestibility and palatability and the ability to graze late season. **TRIPLE CROWN** is a versatile BMR sorghum x sudangrass hybrid that can meet most summer forage needs. It is strong tillering and has a good leaf-to-stem ratio with increased leaf percentage allowing for easier harvest and faster dry time.

TRIPLE CROWN can be flexible with planting date, thus having the ability to double crop with winter wheat. Good weather resistance and disease resistance to anthracnose and downy mildew. You can't go wrong with **TRIPLE CROWN** BMR Forage Sorghum-Sudangrass Hybrid!

CROP USES

Grazing
Hay
Haylage
Greenchop
Dryland/Irrigated

PRIMARY AREAS OF ADAPTION

MANAGEMENT
